

LIVE IN TRAINING PROGRAM - Levels 1 to 3

All live-in training programs come with a free consultation on behaviour modification and video showing live-in course available in obedience. With all live-in training programs you are required for four 2 hour handling sessions.

Level 1 - Basic on lead 11 day program

It deals with behavioural problems like pulling out when being walked and dogs that won't walk at all on a lead.

The level one training program is an 11 day course this is where your dog stays with us for 7 days and we then need you for 4 x 1.5 hour sessions after the dog has been trained. This course teaches your dog 11 exercises right from loose lead heeling to the automatic sit, sit/stay down/ stay stand /stay and up to hand signal control as well as the recall on lead. This program is ideal for owners to gain control on lead with your dog. All handling lessons are included

Level 2 - 14 day course

It deals with behavioral problems like: digging, chewing, barking, jumping up on people, separation anxiety, not coming when called toilet training and more.

The level two training program is a 14 day course this is where your dog stays with us for 10 days and we then need you for 4 x 1.5 hour sessions after the dog has been trained. This course teaches your dog 17 exercises and takes the dog to a basic off lead standard. Some of the exercises they learn are to walk on and off lead sit /stand/ down/ all there stays recall on and off lead hand signal and verbal control on and off lead, re-heel from sit, stand and down position and more. All handling lessons are included

Level 3 - 24 day course

It deals with long lasting behavioural problems like Digging, Chewing, Barking, Jumping up on people, separation anxiety, not coming when called, pulling washing off line, animal and human aggression, dominance over children and adults, jumping over fences, going under fences, property destruction and more.

The level three training program is an 24 day course this is where your dog stays with us for 20 days and we then need you for 4 x 1.5 hour sessions after the dog has been trained. This course teaches your dog all of level 2 training in total 31 exercises are covered and it takes the dog to a advanced off lead standard. Some of the exercises that are covered in this program are on and off lead heeling, sit/stand/ down/ all there stays, out of sight stays, recall/direction, recalls stand, down and sit at the walk, stand down and sit at the recall, on and off lead hand signal and verbal control and more.
